

VPay Partners with StoneEagle F&I to Offer Seamless Automotive Warranty Payment Processing

PLANO, TEXAS – February 19, 2020 – VPay, a leading turnkey claim payments platform, today announced a partnership with [StoneEagle F&I](#) to offer a seamless electronic warranty payment process. StoneEagle F&I is a provider of innovative solutions to the retail automotive industry. The integration of StoneEagle F&I's SCS platform into VPay's patented payment technologies will enable StoneEagle F&I clients to initiate and complete warranty payments with the push of a button.

StoneEagle and VPay have provided integrated solutions since 2002. This new integration will provide consistent payment processing across all StoneEagle F&I enterprise solutions and give those using other provider offerings access to VPay's patented payment technologies.

"We are excited to partner with VPay to offer this new payment interface across all StoneEagle F&I platforms," said Brent Allen, executive director at StoneEagle F&I. "This integration gives our customers access to new capabilities and forward-thinking solutions that position them well for future payment landscape."

This latest partnership follows the 2019 merger of [StoneEagle and F&I Admin](#), which brought together the most powerful tools in the entire F&I ecosystem. Today, the organization manages over 12 million transactions per year for over 85 F&I product administrators, powers technology for a network of more than 10,000 dealerships, offers profitability reporting and intelligence tools for over 5,000 dealerships, and provides detailed responses to over 140,000 product rate requests per day.

"Fintech is changing the face of payment processing across all industries, and warranty payments are no exception," said Jeff Brown, President of VPay. "We look forward to continuing this advantageous and ongoing partnership with StoneEagle F&I as VPay continues to expand our innovative solution portfolio for next-generation digital payment expectations."
