

vpay® | The Total
Payment Solution

Creating
better payment
experiences **for**
injured workers

Offer workers' compensation claimants fast, efficient and mobile-friendly epayment options

Today's workforce expects more modern and connected payment experiences. Now, you can deliver them—with a web-based Mobile Expedited Payment solution that transforms how injured workers manage, track and receive their workers' compensation payments.

The VPay Mobile Expedited Payment solution makes it easy and convenient for workers' compensation claimants to:

- Manage their own payment preferences and decide how they want to be paid—whether it's through an ACH, push-to-debit or traditional paper check.
- Quickly enroll in the epayment program of their choice.
- Automatically receive recurring epayments and payment notifications.
- Track and manage their payments any time, from any device they choose.

100% of VPay customers have reduced their printing and mailing costs and banking fees. We are ready to do the same for you—guaranteed.

Deliver better payment experiences and lower your costs

Providing claimants with a convenient mobile payment option has never made more sense. With VPay's Mobile Expedited solution, you will:

Eliminate print/mail cost

Making epayments faster and easier means more claimants will embrace them. This leads directly to lower check printing and mailing costs, reduced banking fees, automated recurring payments and more efficient payment processes. Based on a long and proven track record of success, you will experience higher epayment conversion rates with VPay.

Get always-on visibility into payments and transactions

With VPay's Mobile Expedited Payment solution, you gain access to an "always on" portal that provides real-time visibility into all of your payment transactions. This gives you a single, unified system of record across payment types that you can use to track and reconcile payments more efficiently.

Offer claimants a fully branded mobile payment experience

The VPay Mobile Expedited Payment solution makes it easy to add your logo and other branding elements to the user interface, so it looks and feels like your own mobile-friendly payment solution. This provides you with a unique opportunity to earn loyalty by connecting a fast, convenient and modern payment experience directly to your brand and organization.
